Data

Reports

Reports

101 - Student Statistics Report

Displays statistical data related to the performance of each student.

102 - Comparative Grade Report

Displays statistical data related to the performance of each student broken down by selected criteria (i.e. demographics).

103 - Class Frequency Distribution Report

Illustrates the dispersion of students over the selected grade scale.

104 - Test Statistics Report

Displays statistics related to the overall test and each defined learning objective.

105 - Student Response Report

Displays a matrix of students and their responses.

106 - Condensed Test Report

Displays a condensed statistical analysis of each question on the test.

107 - Demographic Grade Report

Breaks down student performance data by the selected criteria (i.e. demographics).

201 - Detailed Item Analysis Report

Displays statistics related to each question response.

203 - Item Analysis Graph Report

Displays limited response totals and graphs for each question.

204 - Condensed Item Analysis Report
