Course Code	Course Title	Credits	Prerequisite
VA1101	Foundation of Design	3	-
Course Description	This a study a concept and sources of design, also familiarize students with the factors influencing the design, that focus on explaining the design elements, constructive system, relationships and structural foundations of design and experimenting with their employment in various configurations to serve the student's specialization (visual arts, fashion design, interior design, graphic design, product design) to develop the design elements and foundations of various works designs, enabling the student to accommodate the basics of all courses in their subsequent educational/vocational course.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 1)

Course Code	Course Title	Credits	Prerequisite
QR1101	Holy Quraan (1)	2	-
Course Description	The course includes four axes: 1- Memorizing half of the thirtieth part of the Qur'an: from Surat Al-Ala to Surat Al-Nas. 2- Recitation of three parts: from Surat Al-Mujadalah to Surat Al-Nas. 3- Study the provisions of intonation 4- Explanation of strange words: From Surat Al-Ala to Surat Al-Nas		

Course Code	Course Title	Credits	Prerequisite
IND1101	Colour Theories and their Applications	3	-
Course Description	A study in introducing the concepts, nature, classification, characteristics and theories of the Colors and knowledge of their psychological connotations, psychology and associated terminology in various design and arts disciplines.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 1)

Course Code	Course Title	Credits	Prerequisite
GRD1101	Computer Design 1	3	-
Course Description	This study teaching to use a computer for design (Bitmap Graphics) and drawings expression for different ideas and building design in an integrated manner. By studying the concepts of computer graphics and editing dot images, as well as familiarizing itself with the fundamentals of Adobe photoshop - a dot image editing software - by knowing its characteristics, features, areas in which it is used, and the way it works.		

Course Code	Course Title	Credits	Prerequisite
VA1102	Education by Art	2	-
Course Description	This a study art education and community roles, knowledge of programmers and educational activities in various fields of visual arts and how to plan, as well as introduction for art education and its tasks a skill to be possessed, as visual arts is one of the most important means of transmitting creative, intellectual, and technical culture to groups of society as an important input to contribute to community development.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 2)

Course Code	Course Title	Credits	Prerequisite
ICC1201	Islamic Culture (1)	٢	-
Course Description	The course deals with the beauties of Islam, its moderation, and the supremacy of its principles, in addition to the concept of faith and its pillars. It will also discuss the purposes of worship in Islam, with a study of various principles of these acts of worship and their impact on human life.		

Course Code	Course Title	Credits	Prerequisite
FAD1201	Machines and Sewing Technology	3	-
Course Description	This course includes a study of the cutting and sewing tools and the various machines used for sewing, finishing of garments (regular and industrial knitting machines, button assembly machine, buttonhole fitting machine, blind stitch machine, finishing machine, special pedals in a regular machine - button assembly feet, buttonhole feet, He introduced the ruffles, presented the installation of the pier, provided the enchanted fabric, introduced the installation of clouds, the method of their operation and control, and training on them in the implementation of various techniques, training on different cleaning methods, repellents, buttons and others using the recent technologies.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 2)

Course Code	Course Title	Credits	Prerequisite
FAD1301	Hand Embroidery	2	-
Course Description	Study of embroidery history and development through the ages, also study the materials and tools used in the embroidery process. In addition to studying and implementing different types of stitches which use these stitches in create an artistic pieces or clothing garments.		

Course Code	Course Title	Credits	Prerequisite
PRD1102	Inspiration in Art and Design	2	-
Course Description	This a study a comprehensive and expanded view of inspiration in art and design by introducing it to the foundations, characteristics, strategies, components, phases, and different models for use in art and design processes. In addition to studying the intellectual relationships between subject, form and content in images and visual objects; With the aim of achieving successful artwork or design based on the study of some different contexts, such as cultural, psychological, social, and other contexts.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 2)

Course Code	Course Title	Credits	Prerequisite
PRD1101	Design Thinking	2	Foundation of Design VA1101
Course Description	<p>This study for student's development of their attitude, behaviors and thinking as designers. It aims to demonstrate the field of design from within and challenge preconceptions. Students develop knowledge of design processes and design research techniques common to all design disciplines. In addition, students learn a range strategy to work in teams, identify design problems, research design contexts, create creative responses, assess positives from different perspectives, and visualize proposals. This course also offers students a special and self-directed learning environment at the Faculty of Design.</p>		

Course Code	Course Title	Credits	Prerequisite
GRD1102	Computer Design 2	3	Computer Design 1 GRD1101
Course Description	<p>This a study on giving students some experience in designing (Vector Graphics) to get an expressing idea and building design in an integrated manner with a thorough study of linking design to identity and future vision. In addition to familiarizing itself with the fundamentals of (Adobe illustrator) also, the sketch program - by knowing the characteristics, advantages to different fields in which it is used, and the way it works.</p>		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 2)

Course Code	Course Title	Credits	2
FAD1102	Design History	٢	Education by Art VA1102
Course Description	This course a study the design history, creation, and development through the ages and civilizations, in addition their technical development in machinery and lifestyle.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 3)

Course Code	Course Title	Credits	Prerequisite
FAD1303	Advanced Hand Embroidery	2	Hand Embroidery FAD1301
Course Description	This course a study a different method of manual embroidery as well as for the recruitment stitches in art pieces or clothing.		

Course Code	Course Title	Credits	Prerequisite
DS1101	Digital Technique	2	-
Course Description	This course aims to introduce the basic concepts of digital devices and materials, software, and their concepts and applications. It includes addressing the following topics: operational computer systems, definitions about software engineering, big data warehouse and cloud services, different technologies used by companies to build and run an application for any project, an introduction to the most important mobile applications and networks, how to transfer information, the basics of the Internet of things, an introduction to robotics technology, how to simulate human intelligence, and an introduction to the importance of information awareness and information security.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 3)

Course Code	Course Title	Credits	Prerequisite
FAD1401	Textile Materials	3	-
Course Description	Knowing the types of fibers, their properties and uses, and being aware of new research in the field of textile fibers.		

Course Code	Course Title	Credits	Prerequisite
FAD1103	Mannequin Drawing Studio	4	Drawing Skills FAD1101
Course Description	Drawing the mannequin for women, children, and man with different positions based on the scientific principles.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 3)

Course Code	Course Title	Credits	Prerequisite
FAD1302	Textile History	2	-
Course Description	A study of the different forms of clothing and textiles in ancient civilizations, Islamic civilizations, and European civilizations.		

Course Code	Course Title	Credits	Prerequisite
ELCG1401	English Language (1)	2	-
Course Description	English Language I is a single-level, English for General Purposes (EGP) course. Student are required to take this course in the first semester of the first year of their program. The course is offered in 10 weeks with a 6-hour-per week teaching plan covering the four language skills. It intends to develop students' knowledge and ability of English language in all major skills which include reading, writing, listening, and speaking, as well as in sub -skills including grammar, vocabulary, and pronunciation.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 3)

Course Code	Course Title	Credits	Prerequisite
FAD1202	Pattern Preparation Basics	3	Machines and Sewing Technology FAD1201
Course Description	Giving the student the skill of drawing the basic pattern.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 4)

Course Code	Course Title	Credits	Prerequisite
ELCG2231	Clothing Terminology	2	-
Course Description	Study the most important scientific terms specialized in the field of fashion and textile design in English.		

Course Code	Course Title	Credits	Prerequisite
ARS1601	Writing and Editing	2	-
Course Description	<p>This course is one of the requirements of Umm Al-Qura University and is studied by all university students. It is one of the courses of the Arab identity of the university and its students, which the university is keen to highlight within its vision and points of distinction among universities.</p> <p>The course aims to enable students with sound linguistic writing skills, using the rules of drawing and punctuation, and mastering grammar, morphology, grammar, lexicography, and correct expression with the power of persuasion and abundance of words.</p>		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 4)

Course Code	Course Title	Credits	Prerequisite
FAD2402	Textile Technology	2	Textile Materials FAD1401
Course Description	Learn about the technology of spinning process of natural and synthetic fibers, the basic textile weave structures, types of fabrics and their production methods.		

Course Code	Course Title	Credits	Prerequisite
FAD2304	Traditional Embroidery	3	Advanced Hand Embroidery FAD1303
Course Description	The student gets acquainted with the traditional motifs, their sources, the methods used in the decoration of traditional clothes such as appliqués, the materials used (such as kinds of threads, fabrics, costumes, beads, and buttons), places of decoration, colors, sources, names, and linking them to influencing factors, and comprehending all his money related to the design process and its practical rules. Creating modern designs using traditional decorative units to be applied in a variety of fields, implementing traditional stitches, and using them in modern applications, whether on clothing, accessories, or home furnishings.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 4)

Course Code	Course Title	Credits	Prerequisite
FAD2204	Outer wear Pattern	3	Pattern Preparation Basics FAD1202
Course Description	Study the types of outer clothing and identify the suitable materials for their implementation, with the study of appropriate supplements and methods for choosing them in proportion to the designs of clothes and the correct techniques for their implementation and output in the right manner.		

Course Code	Course Title	Credits	Prerequisite
FAD2203	Children Clothing Pattern	3	Pattern Preparation Basics FAD1202
Course Description	Studying the different developmental stages of infancy, early, middle, and late childhood. The technical elements that should be available in children's clothing. Draw multiple patterns for children and choose the appropriate materials.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 5)

Course Code	Course Title	Credits	Prerequisite
FAD2305	Fashion History	2	Textile History FAD1302
Course Description	A study of the different forms of clothing and textiles in ancient civilizations, Islamic civilizations, and European civilizations.		

Course Code	Course Title	Credits	Prerequisite
QR2102	Holy Quraan (2)	2	Holy Quraan (1) QR1101
Course Description	The course includes four axes: 1- Memorizing half of the thirtieth part of the Holy Qur'an: from Surat Al-Naba' to Surat Al-Tariq. 2- Recitation of three parts: from Surat Al-Shura to Surat Al-Hadid. 3- Study the provisions of intonation. 4- Explanation of strange words: From Surat Al-Naba to Surat Al-Tariq		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 5)

Course Code	Course Title	Credits	Prerequisite
FAD2403	Textile Structures	3	Textile Technology FAD2402
Course Description	This study to learn the basic textile weaves structures and their impact on fabric properties.		

Course Code	Course Title	Credits	Prerequisite
FAD2205	Pattern for Men Clothing	3	Pattern Preparation Basics FAD1202
Course Description	Identify a men's clothing models and how measurements are taken to implemented		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 5)

Course Code	Course Title	Credits	Prerequisite
FAD2104	ABC of Fashion Design	3	Mannequin Drawing Studio FAD1103
Course Description	The course deals to study the concept of fashion design, which work for their designer, the components of fashion, also how to draw and pint in the right way that reaches the student to design drawing with its images that emulate the final idea of the design to have.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 6)

Course Code	Course Title	Credits	Prerequisite
ICC2202	Islamic Culture (2)	٢	Islamic Culture (1) ICC1201
Course Description	This level is concerned with linking the student to the sources of religion: the Qur'an and the Sunnah, by explaining people's need for these sources, their importance, and authority, how they are proven and preserved, ways of venerating them, and how to deal with them.		

Course Code	Course Title	Credits	Prerequisite
FAD2404	Textile Design Studio	3	Textile Structures FAD2403
Course Description	This course deals with the advanced textile compositions resulting from decorative methods and the textile color effects		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 6)

Course Code	Course Title	Credits	Prerequisite
QR3103	Holy Quraan (3)	2	Holy Quraan (2) QR2102
Course Description	The course includes four axes: 1. Memorizing half of the twenty-ninth part of the Holy Qur'an: from Surat Al-Jinn to Surat Al-Mursalat. 2. Recitation of three parts: from Surat Al-Ahzab to Surat Al-Shu'ara'. 3. Study the provisions of intonation. 4. Explanation of strange words: From Surat Al-Jinn to Surat Al-Mursalat.		

Course Code	Course Title	Credits	Prerequisite
FAD2306	Machine Embroidery Technology	3	Machines and Sewing Technology FDA1201 Hand Embroidery FDA1301
Course Description	This course is concerned with the study of machine embroidery in terms of modern technologies in this field, the various methods of its implementation, and the study of recent developments in computer applications for embroidered designs and electronic embroidery machines.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 6)

Course Code	Course Title	Credits	Prerequisite
FAD2206	Mannequin Preparation	3	Pattern Preparation Basics FAD1202
Course Description	Study the mannequin model (its history, types, and recent developments in its manufacture) and prepare a mannequin model and an arm that matches the personal sizes of each student.		

Course Code	Course Title	Credits	Prerequisite
FAD2105	Fashion Boards	2	Colour Theories and their Applications IND1101 ABC of Fashion Design FAD2104
Course Description	The course deals with studying the works and ideas of international designers, and ways to build a board of ideas in the right ways and methods.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 7)

Course Code	Course Title	Credits	Prerequisite
FDA3308	Traditional Women's Fashion Studio	3	Pattern Preparation Basics FDA1202 Traditional Embroidery FDA2304
Course Description	Training on the implementation of women's traditional costumes in the regions of the Kingdom of Saudi Arabia.		

Course Code	Course Title	Credits	Prerequisite
FDA3208	The Basics of Forming on The Mannequin	3	Mannequin Preparation FDA2206
Course Description	Learn the concept of design and shaping on the mannequin, know the different fabrics and their suitability for other designs, training shape them on the mannequin and create evening wear designs using Haute couture.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 7)

Course Code	Course Title	Credits	Prerequisite
ICC3203	Islamic Culture (٣)	2	Islamic Culture (2) ICC2202
Course Description	This course provides a ground-breaking scientific material in which it shows the importance of the family and society, in terms of its concept, status, and the purposes of building it, and the guidance of Islam in solving problems and dealing with them. It also provides an analytical study of the two families of the two friends of the Most Merciful: Ibrahim and Muhammad, may blessings and peace be upon them both.		

Course Code	Course Title	Credits	Prerequisite
FDA3106	Women's Fashion Design	3	Fashion Boards FDA2105
Course Description	The course deals with the study of designing fashion collections for different occasions based on the study of the factors influencing on women's clothing. As fabric and materials and their employment according to personal characteristics and contemporary fashion while preserving the customs and traditions of society.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 7)

Course Code	Course Title	Credits	Prerequisite
FDA3207	Analyze and Execute the Sample	2	Pattern Preparation Basics FDA1202
Course Description	The sample of ready-made clothes is the actual translation of the designer's idea, which explains the suitability of this design for implementation. It is the one that judges the design to succeed or fail. The success of the sample depends on the accuracy of the pattern (paper or formation) and the skill of the one who does it. because This stage indicates the quality and requirement of the product and determines the processes that the product goes through during production, as well as production costs and the price of the piece to the consumer, and the time it takes to produce the order based on the available factory capabilities.		

Course Code	Course Title	Credits	Prerequisite
FDA3307	Traditional Fashion	2	Fashion History FDA2305
Course Description	A study of men's and women's traditional costumes in the regions of the Kingdom of Saudi Arabia.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 8)

Course Code	Course Title	Credits	Prerequisite
FAD3501	Professional Practices in Fashion	2	Analyze and Execute the Sample FAD3207
Course Description	This course seeks to put the student in front of a real balanced vision of fashion and the fashion industry and its educational, professional, and personal requirements by identifying the required talents, techniques, skills, and professional practices that qualify him to work in this field, whether in the field of training, companies, modern industry or through small projects.		

Course Code	Course Title	Credits	Prerequisite
FAD3210	Advanced Patterns (1)	3	Pattern Preparation Basics FDA1202
Course Description	Designing summer jacket models and implementing them on summer fabric by following modern techniques.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 8)

Course Code	Course Title	Credits	Prerequisite
FAD3209	Modeling Studio on the Mannequin	3	Principles of Draping on Mannequin FAD3208
Course Description	Training in shaping different designs (drapes, pleats, and folds) and designs for elegant sewing style.		

Course Code	Course Title	Credits	Prerequisite
FAD3107	Man Fashion Design	3	Mood Board FAD2105
Course Description	The course deals with the study of men's fashion design by following scientific rules and technical principles and applying them in making morning and evening designs (clothes, jackets, trousers, shirts) and their accessories.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 8)

Course Code	Course Title	Credits	Prerequisite
FAD3405	Knitting Technology	2	Textile Technology FAD2402
Course Description	Learn the basics, rules and methods of producing knitted fabrics.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 9 + summer semester)

Course Code	Course Title	Credits	Prerequisite
FAD3502	Cooperative Training	8	Fashion Professional Practices FAD3501
Course Description	The course aims to find compatibility between what student studies in the field of specialization and what is required and used in the actual labor market sites, through cooperation between the Fashion Design Department and specialized establishments in the field of fashion and textile design to give the trainee the experience of practicing what she learned in the specialization during regular study classes in the actual work environment according to specific controls and conditions. Combining the theoretical side with the practical reality builds for the student a solid scientific base that qualifies mentally, technically and socially for job opportunities in the labor market.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 10)

Course Code	Course Title	Credits	Prerequisite
FAD4406	Inspection and Control of Garment Quality	3	Textile Structures FAD2403
Course Description	Learn about scientific methods for testing the quality of textile products and their suitability for different uses.		

Course Code	Course Title	Credits	Prerequisite
FAD4211	Advanced Models Pattern (2)	3	Advanced Models Pattern (1) FAD3210
Course Description	Designing quilted winter jacket models in different models and implementing them on winter fabric by following modern techniques.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 10)

Course Code	Course Title	Credits	Prerequisite
FAD4108	Fashion Marketing	2	Mood Board FAD2105
Course Description	The course deals with the study of the foundations and principles of fashion marketing, the elements of the marketing mix related to the product and the consumer, and marketing strategies.		

Course Code	Course Title	Credits	Prerequisite
FAD4407	Digital Textile Design Studio	3	Textile Design Studio FAD2404
Course Description	This course deals with the study of textile design with digital textile and design programs.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 11)

Course Code	Course Title	Credits	Prerequisite
FAD4503	Research Study Project	3	Advanced Models Pattern (2) FAD4211 Draping on Mannequin Studio FAD3209
Course Description	A scientific study of one of the problems surrounding the Saudi society and environment in the field of specialization, through which the methodology of this study and the scientific procedures and tools used in measurement and classification of previous studies related to the subject of the study are determined and analyzed through research questions and hypotheses with the organization of the theoretical content and study procedures as a research plan.		

Course Code	Course Title	Credits	Prerequisite
FAD4213	Garment Production Management	2	Clothing Inspection and Quality Control FAD4406
Course Description	The production management course focuses on the function and activities of production and operations management in both industrial and service companies.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 11)

Course Code	Course Title	Credits	Prerequisite
FAD4212	Garment Technology	3	Pattern Preparation Basics FAD1202 Clothing Inspection and Quality Control FAD4406
Course Description	Preparing, processing and implementing clothes using the quantitative production method (clothing factory)		

Course Code	Course Title	Credits	Prerequisite
FAD4109	Digital Fashion Design Studio	3	Women's Fashion Design FAD3106 Men's Fashion Design FAD3107
Course Description	The course deals with the use of graphic programs (CAD aid programs) in the field of fashion design.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 11)

Course Code	Course Title	Credits	Prerequisite
ICC4204	Islamic Culture (4)	2	Islamic Culture (3) ICC3203
Course Description	This course presents a ground-breaking scientific material on ethics in Islam, in terms of its concept, status, foundations, and most prominent aspects, and on the great moral aspect of our noble Messenger, may God bless him and grant him peace. Then, it presents ethical applications that promote and preserve society.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 12)

Course Code	Course Title	Credits	Prerequisite
FAD4504	The Project	4	Cooperative Training FAD3502 Project Research Study FAD4503
Course Description	The graduation project course is an applied course for a research study course for the project, where the student applies the applied part of the project idea, which was built as a research plan in the course (project research study), explaining in it the source of inspiration, the quoted design ideas, and the creative products that will enter the market, from the idea to the offer. Presentation (portfolio), as well as submitting a full report on the difficulties and problems that the student faced during the construction of the project and how to solve them as a result of the research project.		

Course Code	Course Title	Credits	Prerequisite
FAD4214	Digital Patterns Studio	3	Outer wear Pattern FAD2204
Course Description	The student gets acquainted with the computer programs that can be used in the implementation and grading of different clothing patterns.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 12)

Course Code	Course Title	Credits	Prerequisite
FAD4309	Traditional Men's Fashion Studio	3	Women's Heritage Costumes Studio FAD3308
Course Description	Training on the implementation of traditional men's costumes in the regions of the Kingdom of Saudi Arabia.		

Course Code	Course Title	Credits	Prerequisite
QR4104	Holy Quraan (4)	2	Holy Quraan (3) QR3103
Course Description	The course includes four axes: 1. Memorizing half of the twenty-ninth part of the Holy Qur'an (the blessed part): from Surat al-Mulk to Surat Noah, memorizing perfectly. 2. Recitation of three parts: from Surat Saba to Surat Fussilat. 3. Study the provisions of intonation. 4. Explanation strange words of the Qur'an: From Surat Al-Mulk to Surat Noah.		

Bachelor of Fashion & Textile Design (Courses Description)

(Level 12)

Course Code	Course Title	Credits	Prerequisite
FAD4309	Fashion Accessories	2	ABC of Fashion Design FAD2104
Course Description	The course deals with the study of the design and implementation of various fashion accessories in various ways, tools and methods.		

Bachelor of Fashion & Textile Design (Courses Description)

University elective requirements

Course Code	Course Title	Credits	Prerequisite
AI2001	Introduction to Artificial Intelligence	2	-
Course Description	This course introduces the necessary knowledge culture in the field of artificial intelligence by getting acquainted with the basic concepts of artificial intelligence. How to build artificial intelligence applications that provide solutions that serve society. In addition to clarifying the uses of intelligence artificial in various fields such as (serving the pilgrims, education, health, trade, industry and others).		

Course Code	Course Title	Credits	Prerequisite
PSY1101	Research & Innovation	2	-
Course Description	This course provides theoretical and applied information on scientific research, employing scientific research skills in solving problems in innovative ways, employing modern technologies in scientific research, the role of scientific research and innovation in promoting sustainable development in order to meet the country's aspirations for a creative generation that values research and innovation.		

Bachelor of Fashion & Textile Design (Courses Description)

University elective requirements

Course Code	Course Title	Credits	Prerequisite
BA1901	Vocational Qualification Skills	2	-
Course Description	The course contributes to enabling the student to acquire the necessary skills that qualify him to obtain a job, in addition to enhancing his abilities and skills to achieve career success in his future career path.		

Course Code	Course Title	Credits	Prerequisite
TOR1101	Introduction to Hospitality	2	-
Course Description	This course aims to provide basic knowledge related to work in the tourism industry, which qualifies the student to identify the main components of this important industry, the need for countries to benefit from them in developing their economies and creating job opportunities for their people, and understanding international developments related to this industry and its various sectors such as the hospitality sector, the transportation sector, the event sector, tourist attractions and the retail sector.		

Bachelor of Fashion & Textile Design (Courses Description)

University elective requirements

Course Code	Course Title	Credits	Prerequisite
BA1902	Entrepreneurship & Innovation	2	-
Course Description	This course seeks to empower students with the necessary knowledge and skills that qualify them to generate creative ideas and transform them into applied projects according to the rules and foundations for establishing successful entrepreneurial projects.		

Course Code	Course Title	Credits	Prerequisite
NUT1101	Health & Nutrition	2	-
Course Description	The Health and Nutrition course has a major role in developing knowledge and skills related to the basics of proper nutrition in health and disease, by identifying basic concepts in nutrition, nutrients, metabolism, and their relationship to health and disease in humans, as well as what balanced food is, meal planning and diets, and its relationship to diseases, physical activity, and safety. Food, as all of this helps in improving the healthy nutritional status of the individual, family and society.		

Bachelor of Fashion & Textile Design (Courses Description)

College elective requirements

(Level 6)

Course Code	Course Title	Credits	Prerequisite
FAD2111	Appearance Culture	2	Foundation of Design VA1101
Course Description	The course dealt with the study of the concept of the culture of appearance, the foundations of choosing and buying clothes, identifying the correct specifications for choosing clothes according to the lines of the body and personality, learning how to organize the wardrobe and rationalizing consumption, and renewing the wardrobe in economical and conscious ways.		

Course Code	Course Title	Credits	Prerequisite
