MY CURRENCY

APPLICATION FOR A CURRENCY EXCHANGE
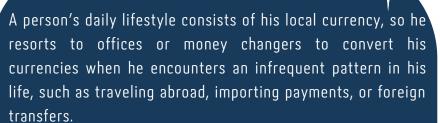

Shahlaa Alfahmi - Shahad Alfi - Amani Alsulmi - Raghad Bnajar

Supervised by: Mr. Anas Elmouaddeb

Department Of Information System

1.ABSTRACT

A person's daily lifestyle consists of his local currency, so he resorts to offices or money changers to convert his currencies when he encounters an infrequent pattern in his life, such as traveling abroad, importing payments, or foreign transfers.

Hence, many currency exchange systems emerged in order to monitor and analyze the exchange rates of different currencies. And due to technological progress, it has become necessary to provide an application for currency conversion, and from here our idea of creating an application began and contains features that benefit the user, reduce his effort, and implement the conversion process. within a few minutes on your smartphone.

2.OBJECTIVES AND GOULS

- access to exchange offices and banks for those wishing to exchange currency.
- the exchange office chooses the cheapest.
- Ease monitoring of buying and selling prices and currency exchange.
- Ease of communication between the office and the user.
- benefit banks and exchange offices by identifying them and increasing their profits.

4.RESULT

OUR APP ARE ABLE TO DO THE REQUIRED TASKS

- create account for (users, offices)
- login as(users, offices)
- in-app currency conversion
- search exchange offices
- Follow up the value of the currency within a month

3.PURPOSE OF THE PROJECT

The purpose of the application is to save time and effort and follow up the value of the currency, its daily rise and fall, by following the live indicator inside the application, in addition to the possibility of communicating with exchange offices easily.

6.CONCLUSION

In the end, our application will provide many services, which will save effort and time for users, and this was our goal to create the application from the beginning We certainly aspire to develop the application in the future and provide it with all appropriate services for everyone.
