

## ABSTRACT

Many Muslims visit Makkah and Medina Cities for Hajj, Umrah, or tourism. They want to explore these sacred Islamic landmarks and perform Hajj and Umrah correctly. <<Rihlaty | رحلتي >> guides the pilgrim and provides him with the required knowledge to perform his Mansak rightly. Rihlaty application also helps tourists and visitors discover important historical monuments and places, such as the Gar of Hira in Makkah, and the battles of the Prophet Muhammad in Medina. The application provides historical stories based on the geolocation of the visited areas using GPS and Google Maps.

## AIMS & OBJECTIVE

" Rihlaty | رحلتي " aims to guide tourists to Islamic landmarks through interactive maps, offering historical stories about Makkah and Medina, and learning to perform Hajj, Umrah, and knowing the boundaries of Mina, Arafat, and Muzdalifah.

## METHODOLOGY

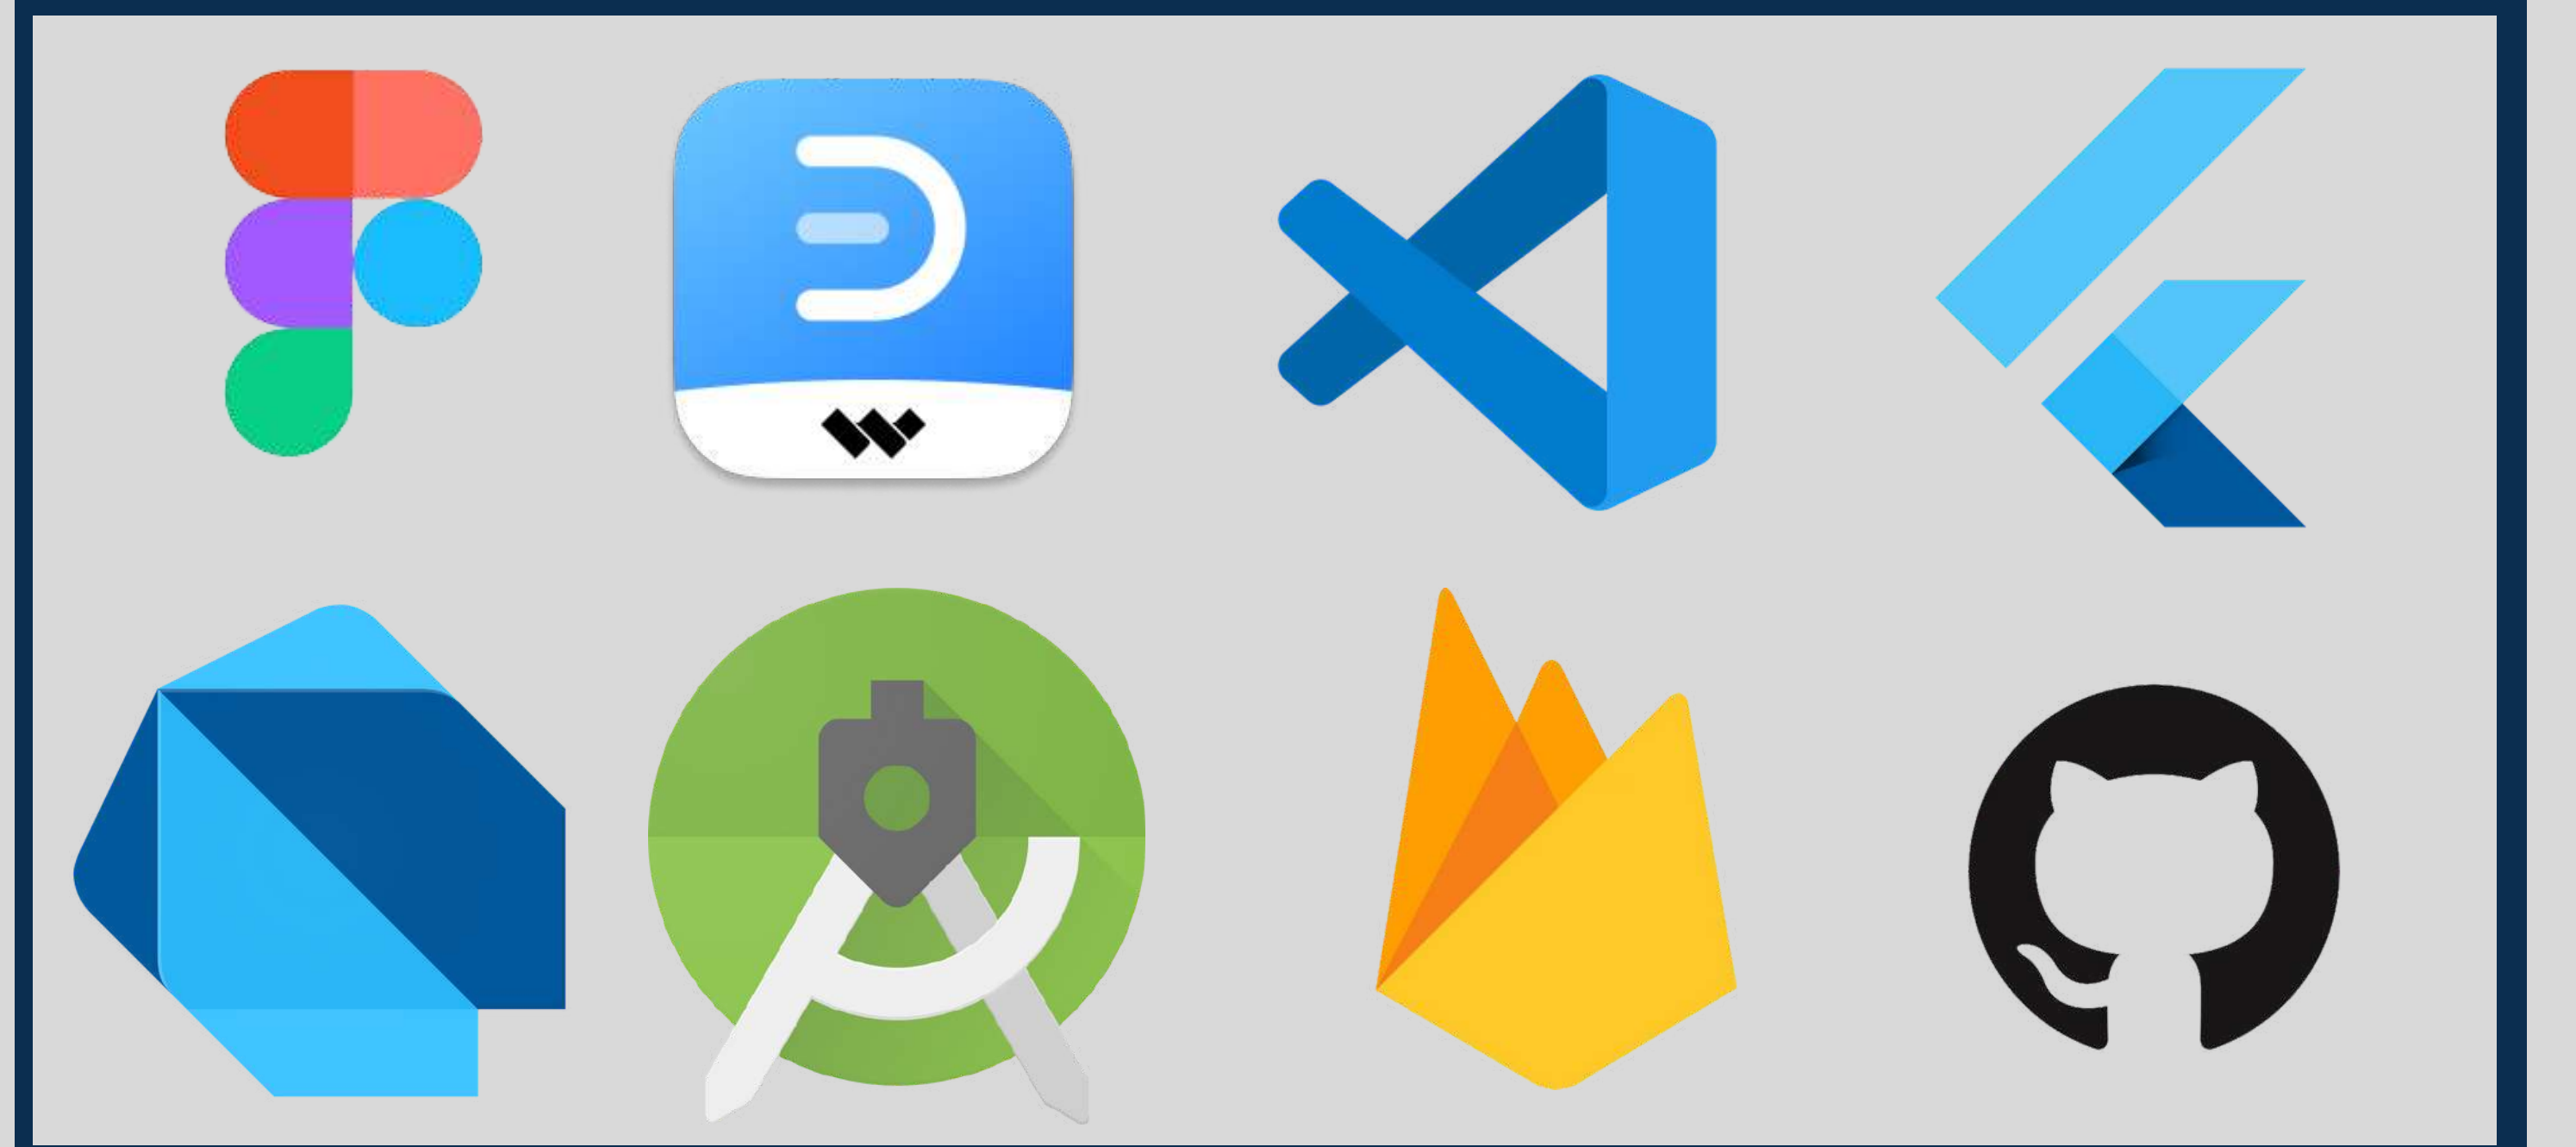

## FUTURE WORK

- 1 Support multiple languages.
- 2 Send notifications to pilgrims if they leave Arafat on the Day of Arafat.
- 3 Allow users to add comments about Islamic landmarks.
- 4 Allow administrators to add new destinations.
